The Company has not applied performance criteria other than the Management Share Ownership Plan.

The Company has had no non-executive employees in the last five financial years.

Based on the fulfilled criteria, legitimately paid variable remuneration (dividends) cannot be reclaimed.

Changes compared to the previous financial year: the remuneration of the members of the Board of Directors has not changed in the financial year 2024. The members of the Board of Directors and the Audit Committee do not receive any cash or non-cash benefits other than honoraria in respect of their office.

In implementing the remuneration policy, there were no deviations from the approved remuneration policy, and the Company acted in accordance with the policy adopted by the opinion vote and the Management Share Ownership Plan. The Company has awarded variable remuneration based on pro forma results.

The beneficiaries of the Management Share Ownership Plan are not the same as the "directors" defined in the Act LXVII of 2019 on the promotion of long-term shareholder involvement and the amendment of certain Acts for the purposes of legal harmonisation, but the Company will present the remuneration of all the beneficiaries for the purpose of the entitlement to employee shares.

The 2023 Remuneration Report was approved by the Company's General Meeting on 29 April 2024. Accordingly, the Company did not modify the implementation practice of its remuneration policy.

The remuneration policy ensures the directors' commitment and incentive to increase the Company's long-term performance. The dividend-based performance criterion encourages directors to consider the long-term interests of investors, owners and employees in their decisions. Performance compensation is in line with the Company's strategic goals and values.
